M-DRIVE 001

Driving your business further,
both on and off the road

BRIDGESTONE

Worldwide Tyre Partner

Bandag M-DRIVE 001
Drive On/Off

Excellent mileage performance
thanks to advanced compound technology.

Outstanding durability
with high resistance to cuts/chips and damages.

Very good self-cleaning properties to ensure optimum traction

Improved driving comfort
thanks to optimised pattern design.

Construction, civil engineering and other on/off applications place enormous demands on your tyres. On the one hand, they have to deliver optimum safety and driver comfort on the road but on the other, also the traction, durability and resistance to accidental damage to perform off it. Which is why the all-new Bandag M-DRIVE 001 On/Off tread brings together all the elements to deliver outstanding, long-lasting and cost-effective performance, both on and off the road, time and time again. To help you get more out of your valuable casings and more out of your business!

Longer tyre life not only means a lower cost per km of your operations but also less downtime! Based on the advanced pattern and engineered compound of the Bridgestone M-DRIVE 001 tyre, Bandag's latest on/off tread provides outstanding durability and mileage to keep on delivering, throughout the extended lifecycle of your tyres. Its innovative tie-bar technology and optimised block dimensions and stiffness ensure longer wear life and improved resistance to cutting and chipping. And best of all, the Bandag M-DRIVE 001 keeps on delivering reinforced traction, enhanced driver comfort and all-season safety across a wide range of climate and surface conditions.

When the going gets tough, the tough get the robust performance of the Bandag M-DRIVE 001! The ideal tread to extend the service life and performance of Bridgestone M-DRIVE 001.

TOTAL TYRE LIFE *by Bridgestone*
Total Tyre Life is built around Bridgestone's premium new tyres and Bandag retreads, the best match to extend tyre life and reduce cost per km.
