**NO DETOURS.™**

# Bandag BRR-UWB

## All Position Regional - Ultra Wide Base

**Long life** thanks to its advanced tread design.

**Low rolling resistance** to reduce CO<sub>2</sub> emissions as a result of advanced rubber compounds.

**Excellent water evacuation** provided by its straight grooves design.

**Even tread wear** ensured by staggered block elements.

**Flat design** adapting easily to various casings widths.

Short turns, changing payloads, diverse surface conditions, ... you understand the challenges of regional transport as well as anyone. Which is why you choose Ultra Wide Base tyres for your mega trailers that deliver excellent performance, durability and wear resistance in a single wide-base, low-profile tyre. And it's why you choose Bandag retreads to get even more out of your valuable investment and lower your total cost per km.

Alternatively, the Bandag Rib Regional - Ultra Wide Base tread can also be used on the drive axle of e.g. city buses, providing urban operators with the same great mileage and fuel performance of this tread.

The Bandag BRR-UWB tread drives the performance of your tyres and your business further than ever before. The advanced pattern with a lower tread depth to reduce rolling resistance and fuel consumption, and the straight groove design to clear water efficiently and effectively for safer wet-weather performance, make the Bandag BRR-UWB the best alternative to extend the performance and wear life of your tyres while still delivering the same or even higher levels of safety and fuel economy.

As a "Bandag Application-Specific" tread, the BRR-UWB's 100% unique pattern and compound are designed to reduce the total cost per km of mega trailer operations and even city busses in challenging urban environments.

As an integral part of premium tyre manufacturer Bridgestone's "Total Tyre Life", Bandag's latest offering is the ultimate solution for extending the life of low-profile, single fitment tyres for wide-base mega trailers. Discover the benefits of Bandag today and start reducing the total cost of your tyres.

Total Tyre Life is built around Bridgestone's premium new tyres and Bandag retreads, the best match to extend tyre life and reduce cost per km.
