Bandag R249

*The tyre you can rely on
for the long run.*

Bandag R249

All Position Highway - Regional

Impressive mileage performance, up to 15% more than BZA.

A versatile product, mainly for long haul usage, but also for regional and city bus applications.

Great resistance against irregular wear thanks to the applications of Bridgestone technologies.

Increased passenger comfort thanks to Bridgestone technologies that significantly lower the noise levels.

Speed rating L (120 km/h).

With the R249, Bandag offers you a retread solution for the long haul. The R249 is specifically designed for domestic and international travel, resulting in excellent touring characteristics: a high degree of reliability and stability for safe driving in all conditions, low noise for increased passenger comfort, and of course slow wear for a longer tyre life - exactly what you need!

Featuring Bridgestone technologies and with a now extended size list, the R249 is an exceptional product, fulfilling all technical and personal requirements for this demanding application.
